THEN BUILDJOBS IS FOR YOU!**

BuildJobs fills the gap between unemployment and jobs that can support a family through training, re-employment and small business creation.

- Training in construction trades for the first step in becoming a licensed or certified plumber, electrician, HVAC technician, healthy home specialist, and more.
- Re-employment opportunities with business partners in the six counties served.
- Assistance with creation of small trade business as an alternative to obtaining employment with companies.
- Participants receive a daily stipend to cover expenses associated with daily living.
